# INTRODUCTION

---

Frontier Risk Solutions (FRS) is a Private security and Risk Management company dedicated to providing top-notch integrated services, including security, risk management, logistics, and human resources, to both governmental and nongovernmental institutions in Somalia. With a highly experienced team well-versed in navigating dynamic and fast-changing hostile environments, Frontier Risk Solutions is equipped with the requisite knowledge, expertise, and skills to address your operational and strategic challenges effectively.

We ensure compliance with international standards such as the International Code of Conduct for Private Security Service Providers (**ICoCA, ISO 9001:2015**), for quality management systems, and **ISO 18788:2015** for security operations management systems. By adhering to these standards, Frontier Risk Solutions meets all necessary legal requirements, fulfills social responsibilities, conducts due diligence, and upholds its duty of care while providing clients with high-quality services and unwavering confidence.

Frontier Risk Solutions recognizes the critical need for security and risk management support across various sectors, including residential areas, government institutions, foreign missions, United Nations and Non-Governmental Organizations compounds, as well as critical infrastructures such as Airports, Seaports, Oil and Gas sites.

## OUR VISION

---

Our vision is to contribute positively to achieving lasting peace, stability, and security in Somalia and the Horn of Africa.

## OUR MISION

---

Provide world-class services in security and risk management, while leveraging international standards and local knowledge.

## OUR Value

---

Frontier Risk Solutions is dedicated to upholding absolute integrity, transparency, excellence, and commitment to fostering enduring partnerships that withstand the test of time. Our collective efforts empower clients to achieve their objectives efficiently and effectively.

We demonstrate excellence in every aspect of our operations, adhering to the highest standards set forth by **ICoCA**, **ISO 9001:2015** for quality management systems, and ISO 18788:2015 for security operations management systems. Our commitment to ethics is unwavering, as we honor our commitments and uphold the highest ethical standards in all endeavors. Values such as trust, transparency, customer focus, and respect are ingrained within our organizational culture, fostering a collaborative and supportive environment.

Adherence to rules and regulations is fundamental to our pursuit of excellence, as we consistently follow industry best practices and legal requirements.

# OUR SERVICES

---

Frontier Risk Solutions offers 24/7 operations support as part of its comprehensive suite of security and risk management services. These services ensure continuous monitoring, response, and coordination for clients operating in Somalia, enabling them to address security and risk management challenges effectively.

## 01 Security Provisions

Frontier Risk Solutions offers wide-ranging physical security solutions tailored to the unique needs and vulnerabilities of organizations. Our services encompass assessment, design, implementation, and management of physical security measures to enhance protection and resilience against potential threats.

Frontier Risk Solutions provides highly trained and skilled static and mobile security services in Somalia, ensuring the protection of facilities, assets, and personnel at fixed locations and on the move.

## 02 Risk Assessment, Analysis and Reporting

Frontier Risk Solutions specializes in conducting comprehensive risk assessment, analysis and produces detailed risk analysis reports tailored to the specific needs and objectives of our clients. These reports provide valuable insights and actionable recommendations to help organizations proactively manage and mitigate potential risks.

Our security solutions are designed to deter threats, prevents unauthorized access, and maintain a secure environment through the deployment of highly trained security personnel, advanced surveillance systems, and comprehensive security protocols. We tailor our services to meet the specific needs of each site, providing reliable and effective security measures to safeguard our clients' interests.

### 03 Meet & Greet

Frontier Risk Solutions offers professional meet and greet services in Somalia, ensuring a seamless and secure arrival experience for our clients. Our dedicated team greets you upon arrival, assists with immigration issues, luggage collection, and provides safe and reliable transport to your destination. We prioritize your safety and comfort, offering personalized support and local insights to ensure a smooth transition. Whether for business or leisure, our meet and greet services are designed to make your arrival stress-free and secure.

### 04 Secure Accommodation

Frontier Risk Solutions provides secured accommodation services in Somalia, ensuring a safe and comfortable living environment for clients. Our secured accommodations are equipped with advanced security features, including 24/7 surveillance, controlled access points, and on-site security personnel. We prioritize the safety and well-being of our residents, offering a secure haven in high-risk areas. Each accommodation is meticulously maintained and managed to meet the highest standards of security and comfort, providing peace of mind for our clients.

Frontier Risk Solutions offers complete training packages designed to meet client requirements, conducted by experienced safety and security professionals. Our training programs are aimed efficiently in various modalities to cater to diverse client needs. Key training courses include:

### **Personal Safety and Security Awareness Training (PSSAT):**

An integrated course covering various safety and security approaches, providing tactical skills and knowledge to protect oneself and others during crises.

### **Basic HEAT Course (Hostile Environment Awareness Training):**

Our training course discover the tools and techniques you need to work in medium and high-risk areas.

### **Critical Incident Management Training:**

This course offers an overview of the roles and responsibilities of an Incident Management Team (IMT) and equips teams with best practices for managing incident responses.

### **Guard Force Management Course:**

Covers diverse topics including roles and responsibilities, Weapon handling, Rule use of forces, Access control, IED Searches and active shooter response, theft prevention, and risk management. It aims to equip security guards with the necessary skills to handle emergencies.

### **Guard Force Management Course:**

Delivered in collaboration with certified international and local First Aid professionals, this course provides first responders with essential knowledge for managing crises.
